

pieceofcake

acoustic art wall panels
designed by Okko and MiaMaria.

Pieceofcake is an acoustic art wall panel. Depending on the acoustic and esthetic requirements the manufacturing and assembly of the panels is possible in different materials.

Alu Tex Textile

is an acoustic fabric stretched over an aluminum frame filled with 50 cm of acoustic elements.

aPerf

is Frameless acoustic panels, made out of 25-aPerf® toxicologically harmless, mostly recycled

polyester, 100 % recycable and non allergic.

Available in customized sizes and in a wide range of colour and pattern combinations.
