

square

acoustic art wall panels
design by Okko and Maria Johansson.

Square is an art print on acoustic textile.

A terrific and eye catching solution for improved sound environment that works wonderfully well both in public spaces, offices or at home.

Material:

Alu Tex Textile is an acoustic fabric stretched over an aluminum frame filled with 50 mm acoustic elements.

Square is highly soundabsorbing (sound absorption Class A) and is available in customized sizes

and in a wide range of colour and pattern combinations.
